CERTIFICATION BULLETIN 2014-05

Second Edition - ULC/ORD-C142.15-14 – Precast Concrete Tanks

To: Members of the ULC Advisory Committee
Members of the S600A, S600H and S600L Committees
Canadian Water and Wastewater Association (CWWA)
Subscribers to ULC's Certification Service and Other Interested Parties

ULC is pleased to announce the publication of the Second Edition - ULC/ORD-C142.15-14 Precast Concrete Tanks. ULC/ORD-C142.15-14 is a companion document to Standard CAN/ULC-S656, Standard for Oil-Water Separators and will apply to stationary aboveground and underground precast concrete tanks, and underground vaults primarily used for the containment of liquids that are non-destructive to concrete, such as water contaminated with oil, waste water, or similar products; and secondary containment for flammable liquids and/or combustible liquids..

These requirements for Precast Concrete Tanks are effective immediately. All submittals for Precast Concrete Tanks will be investigated to the requirements in ULC/ORD-C142.15-14.

This ORD can be ordered for \$177.00 CAN (PDF) or \$212.40 CAN (Hardcopy) from the ULC Standards website at www.ulc.ca by clicking on purchase ULC Standards Material.

This Certification Bulletin may be forwarded to others who may have an interest in the publication of this document.

Any questions concerning the above should be directed to Mr. Gunsimar Paintal at 416-288-2217 or by email at Gunsimar.Paintal@ul.com

Yours truly,

Underwriters Laboratories of Canada Inc.
