### CERTIFICATION BULLETIN 2008-16

To: Members of the Advisory Council of Underwriters' Laboratories of Canada  
Others Interested

Subject: Withdrawal of ULC/ORD's

Underwriters Laboratories of Canada as part of its on going certification activities periodically reviews its programs and services. Based on a recent review of its current list of published ULC Other Recognized Documents (ORDs), the following documents have been identified and will be withdrawn effective 30 days from the date of this bulletin:

ULC/ORD-C58.10-92, Jacketed Steel Tank for flammable and Combustible Liquids  
ULC/ORD-C107-75, Guide for the Investigation of Asbestos-Cement Pipe and Couplings  
ULC/ORD-C790.4-96, Roof Drains  
ULC/ORD-C1037-88, Guide for the Investigation of Antitheft Alarms and Devices  
ULC/ORD-C904-87, Guide for the Investigation of Vehicle Alarm Systems and Units

The above documents have either been incorporated into existing National Standards of Canada or have been deemed obsolete.

Any questions concerning the above should be directed to Mr. Normand Breton, Chief Engineer, 416-757-3611 ext. 61238.

Sincerely

Normand Breton, P. Eng.  
Director Regulatory and Chief Engineer
