CERTIFICATION BULLETIN 2013-02

First Edition - ULC/ORD-C2775-12 Fixed Condensed Aerosol Extinguishing System Units

To: Members of the ULC Advisory Committee
Members of the Canadian Council of Fire Marshals and Fire Commissioners
Subscribers to ULC's Certification Service for FWSA3, FWSA, FWSAC and Other Interested Parties

ULC is pleased to announce the publication of the First Edition - ULC/ORD-C2775-12 – Fixed Condensed Aerosol Extinguishing System Units. ULC/ORD-C2775-12 specifies requirements that cover the construction and operation of fixed condensed aerosol fire extinguishing system units and automatic extinguisher units for total flooding applications intended to be installed, used, inspected, tested, and maintained in accordance with NFPA 2010, standard for Fixed Aerosol Fire Extinguishing Systems.

These requirements also cover performance requirements and methods of testing for fixed condensed aerosol systems, and associated components and automatic extinguisher units intended to be used in accordance with the manufacturer's installation instructions.

These requirements for Fixed Condensed Aerosol Extinguishing System Units are effective immediately. All submittals for Fixed Condensed Aerosol Extinguishing System Units will be investigated to the requirements in ULC/ORD-C2775-12.

This ORD can be ordered for \$250.00 CAN (PDF) or \$300.00 CAN (Hardcopy) from the ULC Standards website at www.ulc.ca and then click on purchase ULC Standards Material.

This Certification Bulletin may be forwarded to others who may have an interest in the publication of this document.

Any questions concerning the above should be directed to Mr. Gunsimar Paintal at 416-288-2217 or by e-mail at: Gunsimar.Paintal@ul.com.

Yours truly,

Underwriters Laboratories of Canada Inc.
