## STANDARDS BULLETIN 2013-24

---

**Fifth Edition CAN/ULC-S536-13**

### STANDARD FOR INSPECTION AND TESTING OF FIRE ALARM SYSTEMS

---

ULC is pleased to announce the publication of the Fifth Edition of CAN/ULC-S536-13, Standard for Inspection and Testing of Fire Alarm Systems. This National Standard of Canada has been approved by the ULC Committee on Fire Alarm and Life Safety Equipment and Systems, and has been published under the date of October 2013.

CAN/ULC-S536 provides requirements for the inspection and testing of fire alarm systems and specifies the devices and functions to be inspected, tested, and documented for the periodic inspection and test. The Standard is intended to apply to both required and voluntary fire alarm installations.

CAN/ULC-S536 is currently referenced in the National Fire Code of Canada. It is recommended that users obtain CAN/ULC-S536 together with its twin document CAN/ULC-S537-13, Standard for Verification of Fire Alarm Systems. These standards can be purchased individually or as a set through our website at [www.ulc.ca](http://www.ulc.ca) and by selecting ULC Online Store.

Should you require any additional information, please contact Theresa (Tess) Espejo at [Theresa.Espejo@ul.com](mailto:Theresa.Espejo@ul.com) or at (416) 288-2212.

Yours truly,

G. Rae Dulmage  
Director, Standards Department, Government Relations  
Office and External Affairs
