CERTIFICATION BULLETIN 2015-07

CAN/ULC-S661-10, 1ST Edition of the Standard for Overfill Protection Devices for Flammable and Combustible Liquid Storage Tanks

To: Subscribers to ULC's Certification Service for Overfill Protection Devices in accordance with ULC/ORD-C58.15-1992 and Others Interested.

- EGXYC – Overfill Protection Devices

This Bulletin is in continuation to Underwriters Laboratories of Canada Inc. (ULC) Certification Bulletin 2013-14 notifying subscribers and others interested of ULC having adopted the provisions of this 1st Edition of the Standard CAN/ULC-S661-10, the Standard for Overfill Protection Devices for Flammable and Combustible Liquid Storage Tanks. The Bulletin further stated that all new submittals will be investigated in accordance with the new and/or revised technical requirements.

Since changes to the requirements for overfill protection devices had an impact on products currently certified by ULC, an Industry File Review (IFR) was initiated to determine compliance to the new and/or revised requirements; the details of the IFR and Summary of Requirements (SOR) being accessible via UL's IFR Website (<http://ifr.ul.com/>). Listees of affected products were individually informed of the IFR.

Pursuant to TSSA Director's order under reference FS-204-13 issued on April 10, 2013, adoption of CAN/ULC-S661-10, the Standard for Overfill Protection Devices for Flammable and Combustible Liquid Storage Tanks comes into effect as of October 18, 2015. As such the effective date, for currently Listed products to comply with the new and/or revised requirements in the 1st Edition of CAN/ULC-S661-10 will be **October 18, 2015** instead of January 29, 2016 as previously indicated.

For Subscribers that responded to the IFR, ULC is currently in the advanced phase of the review and approvals and all work with respect to the IFR will be completed by this revised date.

Any questions concerning the above should be directed to Mr. Gunsimar Paintal at +416.288.2217 or by email Gunsimar.Paintal@ul.com.

Sincerely,

Underwriters Laboratories of Canada Inc.
