CERTIFICATION BULLETIN CCH-2016-087

To: Subscribers/Listees to ULC's Listing Service for Wallboard, Gypsum (BWFR7)

Subject: Harmonization of Wallboard, Gypsum (BWFR7) with Gypsum Board Certified for Canada (BWFR7)

UL as an enterprise is striving to offer to its customers combined Canadian Certification Directories. In doing so, Underwriters Laboratories of Canada Inc. (ULC) and UL LLC are harmonizing their Canadian Certification categories in order to come up with a single Canadian Listing Directory for certified (Listed) products.

Consequently, UL is harmonizing the certification category Wallboard, Gypsum (BWFR7) with the certification category Gypsum Board Certified for Canada (BWFR7). As the category BWFR7 is being harmonized, the Product Listings that are currently certified under BWFR7 will now be under BWFR7.

The harmonized categories will represent manufacturers who received authorization from ULC and UL LLC to use their respective marks for Canada.

There are certain administrative activities that are taking place; one such activity is harmonizing the Category Control Numbers (CCN's, an internal terminology used for tracking) resulting in a combined Canadian Listing Directory. Any necessary revisions to your File will be notified and will be at no charge to you. We anticipate completing this transition by March 31, 2016.

Your Field Representative can assist you with any questions regarding the change in category. If you have additional questions please contact Rossen E. Marinov via phone at (847) 664-2152, or email Rossen.Marinov@ul.com.

Please share this Bulletin with other interested parties within your organization.

Sincerely,

**Issued under the joint responsibility of Underwriters Laboratories of Canada Inc. & UL LLC.
