STANDARDS BULLETIN 2016-42

NEW EDITION

Third Edition of CAN/ULC-S706.1:2016

STANDARD FOR WOOD FIBRE INSULATING BOARDS FOR BUILDINGS

ULC Standards is pleased to announce the publication of the Third Edition of CAN/ULC-S706.1, Standard for Wood Fibre Insulating Boards for Buildings. This Standard has been approved by the ULC Standards Committee on Thermal Insulation Materials and Systems (S700A) and has been published under the date of September 2016.

This Standard contains the physical property requirements, and test methods to determine these properties, for wood fibre manufactured in the form of faced or unfaced boards, sheets or panels used for insulation in buildings and other applications, whether applied on a building site or in a prefabrication (manufacturing) facility.

The changes in this Third Edition CAN/ULC-S706.1 include:

- Revision to product classification;
- Addition of continuous service temperature range;
- Updates to the referenced publications;
- Revisions to the definition of Insulating Wood Fibre;
- Addition to surface requirements; and
- Revisions throughout the Standard for clarity and consistency.

This Standard can be ordered for \$265.00 CAN (Hardcopy) or \$245.00 CAN (PDF) from the ULC Standards website at <http://canada.ul.com/ulcstandards/>. Select *Sales of ULC Standards Materials* for further details.

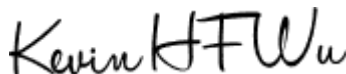

If you require any additional information, please contact Kevin HF Wu at (613) 755-2729 ext. 61437 or by email at Kevin.HF.Wu@ul.com.

Yours truly,

ULC Standards
