CERTIFICATION BULLETIN 2010-05

Withdrawal of Category GARZC

TO: ULC Listees of Clean Agent Extinguishing System Design Programs (GARZC)

Others Interested

Underwriters Laboratories of Canada has decided to withdraw the subject product category and the associated Listing program, effective with the publication of this bulletin.

This decision is a result of a review of the product category and its justification based on available requirements. ULC has concluded that the product certification is not consistent with current system design requirements.

Any questions concerning the above should be directed to Mr. Gunsimar Paintal, Regional Quality Manager & ULC Mark Program Owner at 1-416-757-3611 ext. 61217.

Sincerely,

UNDERWRITERS LABORATORIES OF CANADA

Regional Quality Manager and ULC Mark Program Owner
