Subject: Third Edition of the Standard for Emergency Valves for Flammable and Combustible Liquids, ULC-S651-07

This Bulletin is a follow-up to ULC Standards Bulletin 2007- 32, announcing the publication of the Third Edition of ULC-S651-07, Standard for Emergency Valves for Flammable and Combustible Liquids.

Underwriters' Laboratories of Canada has adopted the provisions of this Third Edition of the Standard, and all new submittals of emergency valves for flammable and combustible liquids will be investigated in accordance with these requirements.

Since the changes to the Standard impact on currently Listed products, an industry file review will be initiated for compliance to the new and revised requirements. Details of the file review and changes to the Standard are available on the ULC web site www.ulc.ca under Industry File Review.

The effective date, for currently Listed products to comply with the new and revised requirements in the Third Edition of ULC-S651-07, will be January 30, 2009

Any questions concerning the above should be directed to Mr. Normand Breton, Chief Engineer – Canada, 416-757-3611 ext. 61238.
