Subject: Effective Date Extension Announcement Bulletin– CAN/ULC S541
Reference Certification Bulletin 2007-25 & 2009-32

The effective date for the revised requirements in the Standard for Speakers for Fire Alarm Systems, Including Accessories, CAN/ULC S541 has been extended to September 1, 2010.

Revisions to ULC Follow-Up Procedures, including deletion of models and specific constructions on the previous Effective Date, resulting from Applicant requests or prior investigation of products by ULC will remain in place unless an Applicant specifically requests that ULC reverse such revisions. Applicants interested in retaining such models or constructions until the new Effective Date should contact ULC's Customer Service Department immediately.

Important Dates

ULC must have all projects opened and samples received by March 1, 2010 in order to complete the projects by September 1, 2010.

Please contact the undersigned should you have any questions.
