To: Members of the ULC Advisory Committee
Members of the Council of Canadian Fire Marshals and Fire Commissioners
Subscribers to ULC's Certification Service for LCJX7 and Other Interested Parties

Underwriters Laboratories of Canada Inc. is pleased to announce the publication of the First Edition - ULC/ORD-C2728--13 Pellet Fuel Burning Cooking Appliances. The Pellet Fuel Burning Cooking Appliances addressed by ULC/ORD-C2728 provides for the requirements for forced or natural draft, automatic feed, pellet fuel-burning cooking appliances for outdoor residential or for indoor-outdoor commercial use.

Pellet Fuel Burning Cooking Appliances are intended to be permanently installed per applicable Code requirements; they are not intended for space heating or residential indoor-use cooking. Also, the requirements do not apply to appliances that employ coal, charcoal, corn pellets, solid wood fuels or gaseous fuels, natural gas, propane or fuel oil.

These requirements for Pellet Fuel Burning Cooking Appliances are effective immediately. All submittals for Pellet Fuel Burning Cooking Appliances will be investigated to the requirements in ULC/ORD-C2728-13.

This ORD can be ordered for \$246.00 CAN (PDF) or \$295.20 CAN (Hardcopy) from the ULC Standards website at www.ulc.ca and then click on purchase ULC Standards Material.

This Certification Bulletin may be forwarded to others who may have an interest in the publication of this document.
