STANDARDS BULLETIN 2010-23

ERRATA 1, CAN/ULC-S524-06 FRENCH LANGUAGE VERSION

French Version of the Fifth Edition CAN/ULC-S524-06

INSTALLATION OF FIRE ALARM SYSTEMS

ULC Standards is issuing Errata 1 on the French version of the Fifth Edition CAN/ULC-S524-06, Installation of Fire Alarm Systems

This National Standard of Canada describes the requirements for the design and installation of fire alarm systems with or without voice communication capability.

Errata 1 corrects the translation of some text in the French version, where either the « et », « ou » or both, are missing. Other editorial corrections have been made.

Please note that it is the policy of ULC that, where there is discrepancy between the provisions of the English and the French versions of a standard, the English version takes precedence. There is no change to the technical requirements of this standard.

ULC will replace existing copies of CAN/ULC-S524-06 French with the Errata 1 version, free of charge, upon presentation of proof of purchase.

Should you require any additional information, please contact Tess Espejo at (416) 757-5250 ext. 61212 or at email address: Theresa.Espejo@ca.ul.com.

This standard CAN/ULC-S524-06 Errata 1 is available for purchase from the ULC website (www.ulc.ca) ULC online store.

Yours truly,

ULC STANDARDS
