STANDARDS BULLETIN 2009-38

Second Edition CAN/ULC-61112-09

LIVE WORKING – ELECTRICAL INSULATING BLANKETS

ULC is pleased to announce the publication of the Second Edition of CAN/ULC-61112-09, Live Working – Electrical Insulating Blankets (CEI/IEC 61112:2009, MOD). This Standard has been approved by the ULC Committee on Live Working, and has been published under the date of November 2009.

This National Standard is an adoption, with Canadian deviations, of the International Electrotechnical Commission Standard, CEI/IEC 61112:2009.

This National Standard is applicable to electrical insulating blankets for the protection of workers from accidental contact with live or earthed electrical conductors, apparatus or circuits and avoidance of short circuits on electrical installations.

Electrical insulating blankets in rolls having a width lower than 50 mm are not covered by this Standard.

If you require any additional information, please contact Keith Jansa at (613) 755-2729 ext. 6227 or at email address: Keith.Jansa@ca.ul.com

This standard can be ordered for \$198.00 CAN (Hardcopy) from the ULC website at www.ulc.ca by clicking on Order Standards and Directories followed by selecting ULC Online Store.

Yours truly,
