## STANDARDS BULLETIN 2011-16

Reaffirmation of Standard

**First Edition of CAN/ULC-S566-05, including Amendment 1**

### HALOCARBON CLEAN AGENT FIRE EXTINGUISHERS

ULC is pleased to announce the release of the reaffirmation of the First Edition of CAN/ULC-S566-05, Halocarbon Clean Agent Fire Extinguishers. This is a ULC/UL Harmonized Binational Standard and the requirements contained in the published Second Edition of ANSI/UL 2129, including Amendment 1, are identical to CAN/ULC-S566-05. The reaffirmation of this Standard has been approved by the ULC Committee on Portable Fire Extinguishers, and has been published with the date of July 15, 2011.

CAN/ULC-S566-05, including Amendment 1, will be of interest to anyone who manufactures, distributes, uses, regulates or inspects fire extinguishers. These requirements cover the construction and performance, exclusive of performance during fire tests, of portable halocarbon clean agent fire extinguishers. Halocarbon clean agent fire extinguishers are intended to be utilized in accordance with the Standard for Portable Fire Extinguishers, NFPA 10 and the National Fire Code of Canada. The requirements for performance during fire testing of halocarbon clean agent fire extinguishers are specified in the Binational Standard for Rating and Fire Testing of Fire Extinguishers, ANSI/UL 711 CAN/ULC-S508.

The reaffirmation of this Standard includes some editorial changes and clarifications. Should you require any additional information, please contact Mark Ramlochan at (613) 755-2729 Ext. 61422 or email: [Mark.Ramlochan@ca.ul.com](mailto:Mark.Ramlochan@ca.ul.com).

This reaffirmed Standard can be ordered for \$229.20 through our website at [www.ul.com/canada](http://www.ul.com/canada) and selecting ULC Standards. Once at the ULC Standards page, select Sales of ULC Standards Materials.

Yours truly,

ULC Standards
