STANDARDS BULLETIN 2014-07

NEW EDITION

Third Edition of CAN/ULC-61236-14 (CEI/IEC 61236:2010, MOD)

LIVE WORKING – SADDLES, STICK CLAMPS AND THEIR ACCESSORIES

ULC Standards is pleased to announce the publication of the Third Edition of CAN/ULC-61236-14 (CEI/IEC 61236:2010, MOD), Live working – Saddles, stick clamps and their accessories. This Standard has been approved by the ULC Standards Committee on Live Working (S400A) and has been published under the date of May 2014.

This adoption of the Second Edition of IEC 61236 with Canadian deviations is an update to the Second Edition of CAN/ULC-61236. The modifications include the addition of a paragraph in clause 4.1. on Requirements (General) to address the design of saddles, stick clamps and their accessories to function in a temperature range of $-40\text{ }^{\circ}\text{C}$ to $+55\text{ }^{\circ}\text{C}$. As well, clause 4.5 on Marking has been updated to remove the symbol double triangle. Additional modifications are the deletion of Annex A (normative) on the double triangle and inclusion of an Annex D (informative) regarding in-service care and periodic checking.

This International Standard is applicable to saddles, stick clamps and their accessories, used for live working. The products designed and manufactured according to this standard contribute to the safety of the users provided they are used by skilled persons, in accordance with safe methods of work and the instructions for use.

If you require any additional information, please contact Alyson Hawkins at 613-755-2729 ext.61437 or by email at Alyson.Hawkins@ul.com.

This Standard can be ordered for \$330.00 CAN (Hardcopy) or \$275.00 CAN (PDF) from the ULC Standards website at www.ulc.ca and select *ULC Standards*. Once on the ULC Standards homepage, select *Sales of ULC Standards Materials* for further details.

Yours truly,

ULC Standards
