CERTIFICATION BULLETIN CCH-2016-148

To: Subscribers/Listees to ULC's Listing Service for COOKING APPLIANCES, MISCELLANEOUS (KNZTC)

Subject: Harmonization of COOKING APPLIANCES, MISCELLANEOUS (KNZTC) with the new certification category COOKING APPLIANCES, MISCELLANEOUS Certified for Canada (KNZT7)

UL as an enterprise is striving to offer to its customers combined Canadian Certification Directories. In doing so, Underwriters Laboratories of Canada Inc. (ULC) and UL LLC are harmonizing their Canadian Certification categories in order to come up with a single Canadian Listing Directory for certified (Listed) products.

Consequently, UL is harmonizing the certification category COOKING APPLIANCES, MISCELLANEOUS (KNZTC) by establishing a new certification category COOKING APPLIANCES, MISCELLANEOUS Certified for Canada (KNZT7). As the category KNZTC is being harmonized, the Product Listings that are currently certified under KNZTC will now be under KNZT7.

The harmonized categories will represent manufacturers who received authorization from ULC and shall continue using the authorized mark for Canada.

There are certain administrative activities that are taking place; one such activity is creating a new Category Control Numbers (CCN's, an internal terminology used for tracking). Any necessary revisions to your File will be notified and will be at no charge to you. We anticipate completing this transition by September 30, 2016.

Your Field Representative can assist you with any questions regarding the change in category. If you have additional questions please contact Brandon Gray via phone at 847-664-3766, or email Brandon.T.Gray@ul.com.

Please share this Bulletin with other interested parties within your organization.

Sincerely,

**Issued under the joint responsibility of Underwriters Laboratories of Canada Inc. & UL LLC.
