CERTIFICATION BULLETIN CCH-2017-197

To: Subscribers/Listees to ULC's Listing Service for Concrete Blocks (CAZTC)

Subject: Harmonization of Concrete Blocks (CAZTC) with the new certification category Concrete Blocks Certified for Canada (CAZT7)

UL as an enterprise is striving to offer to its customers combined Canadian Certification Directories. In doing so, Underwriters Laboratories of Canada Inc. (ULC) and UL LLC are harmonizing their Canadian Certification categories in order to come up with a single Canadian Listing Directory for certified (Listed) products.

Consequently, UL is harmonizing the certification category Concrete Blocks (CAZTC) by establishing a new certification category Concrete Blocks Certified for Canada (CAZT7). As the category CAZTC is being harmonized, the Product Listings that are currently certified under CAZTC will now be under CAZT7.

The harmonized categories will represent manufacturers who received authorization from ULC and shall continue using the authorized mark for Canada.

There are certain administrative activities that are taking place; one such activity is creating a new Category Control Numbers (CCN's, an internal terminology used for tracking). Any necessary revisions to your File will be notified and will be at no charge to you. We anticipate completing this transition by May 15, 2017.

Your Field Representative can assist you with any questions regarding the change in category. If you have additional questions please contact Noelle McMahan via phone at 847-664-2073, or email Noelle.McMahan@ul.com.

Please share this Bulletin with other interested parties within your organization.

Sincerely,

**Issued under the joint responsibility of Underwriters Laboratories of Canada Inc. & UL LLC.
