STANDARDS BULLETIN 2015-21

NEW EDITION OF STANDARD

Fourth Edition of CAN/ULC-S104-15

STANDARD METHOD FOR FIRE TESTS OF DOOR ASSEMBLIES

ULC Standards is pleased to announce the publication of the Fourth Edition of CAN/ULC-S104-15, Standard Method for Fire Tests of Door Assemblies. This Standard has been approved by the ULC Standards Committee on Fire Tests and has been published under the date of August 2015.

In this new edition, the Scope was editorially modified to align with the National Building Code of Canada. Updates were made to the existing Reference Publications and a note on the attachment of thermocouple pads was added. Editorial modifications were made throughout to harmonize with CAN/ULC-S106, Standard Method for Fire Tests of Window and Glass Block Assemblies.

This fire test method is applicable to door assemblies of various materials and types of construction, for use as closures in openings in walls and partitions that are fire separations in accordance to the National Building Code of Canada.

This test method is also applicable for evaluating individual components intended as part of a fire test assembly.

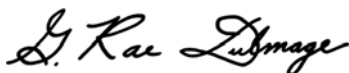

Wood core doors meeting the requirements of CAN/ULC-S113, Standard Specification for Wood Core Doors Meeting the Performance Required by CAN/ULC-S104 for Twenty Minute Fire Rated Closure Assemblies, and frames meeting the requirements of CAN/ULC-S105, Standard Specification for Fire Door Frames Meeting the Performance required by CAN/ULC-S104 are not required to be tested to the requirements of this Standard. However, doors and frames meeting these specifications may be used for the evaluation of individual components.

If you require any additional information, please contact Kevin HF Wu at (613) 755-2729 ext. 61437 or by email at Kevin.HF.Wu@ul.com.

This Standard can be ordered for \$229.20 CAN (Hardcopy) or \$191.00 CAN (PDF) from the ULC Standards website at www.ulc.ca and select *ULC Standards*. Once on the ULC Standards homepage, select *Sales of ULC Standards Materials* for further details.

Yours truly,

ULC Standards
