STANDARDS BULLETIN 2015-28

Amendment to Edition of Standard

First Edition of CAN/ULC-S2577:2013, Including Amendment 1

STANDARD FOR SUSPENDED CEILING GRID LOW VOLTAGE SYSTEMS AND EQUIPMENT

ULC Standards is pleased to announce the release of Amendment 1 to the First Edition of CAN/ULC-S2577-13, Standard for Suspended Ceiling Grid Low Voltage Systems and Equipment. This is a ULC/UL Harmonized Joint Standard and the requirements contained in CAN/ULC-S2577 are identical to the First Edition of ANSI/UL-2577. This Amendment has been approved by the Technical Committee on Solid State Lighting (TCSSL).

CAN/ULC-S2577:2013-AM1 will be of interest to anyone who manufactures, distributes, uses, regulates or inspects suspended ceiling low voltage DC power distribution grid rails (the 'system') and peripheral utilization equipment connected to and powered by the system.

Amendment 1 to the First Edition corrects an inconsistency in reference to the Canadian Electrical Code, Part I. The Standard is now being re-published to include Amendment 1 of the First Edition of CAN/ULC-S2577:2013, and all users are advised to obtain this complete version.

Should you require any additional information, please contact Mark Ramlochan at (613) 755-2729 Ext. 61422 or email: Mark.Ramlochan@ul.com.

This First Amendment to the First Edition Standard can be purchased for CAD \$205.00 (hardcopy) or CAD \$171.00 (PDF format) from the ULC Standards website at www.ulc.ca and by selecting the link to *ULC Standards*. Once on the ULC Standards homepage, select *Sales of ULC Standards Materials* for further details.

Yours truly,

ULC STANDARDS
