STANDARDS BULLETIN 2016-43

NEW EDITION

Fourth Edition of CAN/ULC-S604

STANDARD FOR FACTORY-BUILT TYPE A CHIMNEYS

ULC Standards is pleased to announce the publication of the Fourth Edition of CAN/ULC-S604, Standard for Factory-Built Type A Chimneys. This Standard has been approved by the ULC Standards Committee on Factory-Built Fireplaces, Chimneys, and Vents (S600E) and has been published under the date of December 2016.

This Standard applies to Factory-Built Type 'A' Chimneys, which do not require field fabrication. They are for use with gas and liquid fuel-fired residential appliances and building heating equipment, where the appliance or equipment flue-gas temperatures do not exceed 540 °C.

This Fourth Edition National Standard of Canada is based on, and now supersedes, the Third Edition.

The changes in this Fourth Edition CAN/ULC-S604 include:

- Revisions to the requirements for marking and label performance;
- Updates to the installation instructions requirements;
- Addition of attic insulation shield requirements;
- Updates and additions to the referenced publications; and
- Revisions throughout the Standard for clarity and consistency.

This Standard can be ordered for \$150.00 CAN (Hardcopy) or \$125.00 CAN (PDF) from the ULC Standards website at www.ulc.ca/ulcstandards/. Select *Sales of ULC Standards Materials* for further details.

If you require any additional information, please contact Gillian Ottley at 613 755 2729 ext. 61427 or by email at Gillian.Ottley@ul.com.

Yours truly,

ULC Standards
