CERTIFICATION BULLETIN 2018-01A

ORD ULC/ORD-C107.12-92 Line Leak Detection Devices for Flammable Liquid Piping has been superseded

TO: Members of the Advisory Council of Underwriters Laboratories of Canada
Others Interested

This Bulletin is in continuation to ULC Certification Bulletin 2018-01 issued on January 25, 2018 and supersedes Bulletin 2018-01.

The requirements for Line Leak Detection Devices for Flammable Liquid Piping have been significantly revised and are now contained in CAN/ULC-S675.2 Standard for Nonvolumetric Precision Leak Detection Devices for Underground and Aboveground Storage Tanks and Piping for Flammable and Combustible Liquids.

Since the requirements are contained in the above referenced standard, effective January 15, 2018, ULC/ORD-C107.12-92 stands superseded.

ULC will continue to provide Testing & Certification services to this Standard.

Any questions concerning the above should be directed to Mr. Gunsimar Paintal, at 416-288-2217 or Gunsimar.Paintal@ul.com.

Sincerely,

Underwriters Laboratories of Canada Inc.

A handwritten signature in black ink, appearing to read 'G. Paintal', is written over a horizontal line.
