STANDARDS BULLETIN 2018-02

NEW EDITION

Second Edition of CAN/ULC-S639

STANDARD FOR STEEL LINER ASSEMBLIES FOR SOLID-FUEL BURNING MASONRY FIREPLACES

ULC Standards is pleased to announce the publication of the Second Edition of CAN/ULC-S639, Standard for Steel Liner Assemblies for Solid-Fuel Burning Masonry Fireplaces. This Standard has been approved by the ULC Standards Committee on Factory-Built Fireplaces, Chimneys, and Vents (S600E) and has been published under the date of April, 2018.

This Standard applies to prefabricated steel liner assemblies incorporating a flue damper, smoke chamber and associated accessories for masonry fireplaces. They are intended as an alternate form of construction to conventional fire brick liners and metal dampers.

This Second Edition National Standard of Canada is based on, and now supersedes, the First Edition.

The changes in this Second Edition CAN/ULC-S639 include:

- Revisions to the requirements for marking and label performance;
- Updates to the installation instructions requirements;
- Updates and additions to the referenced publications; and
- Revisions throughout the Standard for clarity and consistency.

This Standard can be ordered for \$165.00 CAN (Hardcopy) or \$125.00 CAN (PDF) from the ULC Standards website at www.ulc.ca/ulcstandards/. Select *Sales of ULC Standards Materials* for further details.

If you require any additional information, please contact Gillian Wintonic at 613 755 2729 ext. 61427 or by email at Gillian.Wintonic@ul.com.

Yours truly,

ULC Standards
