STANDARDS BULLETIN 2019-11

Revision of First Edition ANSI/CAN/UL/ULC 2258:2018

STANDARD FOR ABOVEGROUND NONMETALLIC TANKS FOR FUEL OIL AND OTHER COMBUSTIBLE LIQUIDS

ULC Standards is pleased to announce the publication of a Revision to the First Edition Joint National Standard of Canada (NSC) and American National Standard (ANSI), ANSI/CAN/UL/ULC 2258:2018, Standard for Aboveground Nonmetallic Tanks for Fuel Oil and Other Combustible Liquids. This Joint ANSI and NSC have been approved by the Joint UL/ULC Technical Committee on Combustible Liquid Tanks and Accessories, and have been published under the date of March 12, 2019.

This Standard covers the minimum requirements for nonmetallic or composite primary tanks, secondary tanks, and open or closed secondary containments from 227 to 2500 L (60 to 660 US gal) primary tank capacity intended primarily for the storage and supply of heating fuel for oil burning equipment, or alternately for the storage of diesel fuels for compression ignition engines and motor oils (new and used) for automotive service stations, in aboveground applications.

In addition to this Standard's traditional safety requirements that primarily evaluate structural integrity, material compatibility, and mitigate fire and environmental hazards from loss of liquid containment under expected normal conditions; optional construction and/or performance requirements, and associated ratings intended to address more severe conditions associated with the effects of Climate Change are included in Appendix C.

The following revisions have been incorporated into this edition of the Standard:

- Scope modifications to address Optional Climate Change Adaptation Requirements;
- Revisions to Subsection 10.7, Extreme Temperature Tests;
- Added Appendix C (Informative) - Optional Climate Change Adaptation Requirements; and
- Editorial corrections.

This Standard can be ordered for CAD \$315.00 (hardcopy) or CAD \$290.00 (PDF format) through our website at www.ulc.ca and by selecting the link to *ULC Standards*. Once on the ULC Standards homepage, select *Sales of ULC Standards Materials* for further details.

Should you require additional information, please contact Caitlin D'Onofrio at (613) 755.2729 ext. 61430 or by email at Caitlin.DOnofrio@ul.com

Yours truly,

ULC Standards
