STANDARDS BULLETIN 2019-17

Ninth Edition ANSI/CAN/UL/ULC 180:2019 **Standard for Combustible Liquid Tank Accessories**

ULC Standards is pleased to announce the publication of Ninth Edition Joint National Standard of Canada (NSC) and American National Standard (ANSI), ANSI/CAN/UL/ULC 180:2018, Standard for Combustible Liquid Tank Accessories. This Joint ANSI and NSC has been approved by the Joint UL/ULC Technical Committee on Combustible Liquid Tanks and Accessories, and has been published under the date of March 15, 2019.

This Standard covers construction and performance requirements for the tank accessories identified in Clause 1.2, for use on atmospheric aboveground tanks not exceeding 19,927 L (5,000 U.S. gal) which are intended for the storage and supply of heating fuels for oil burning equipment, diesel fuels for compression ignition engines, motor oils (new or used) for automotive service stations, and similar combustible liquid applications.

In addition to this Standard's traditional safety requirements for tank accessories that primarily evaluate functional operation, structural integrity, and mitigate fire and environmental hazards from loss of liquid containment under expected normal conditions; optional construction and/or performance requirements, and associated ratings, intended to address more severe conditions associated with the effects of Climate Change are included in Appendix B.

This Ninth Edition Joint ANSI and NSC has harmonized the requirements of, and now supersedes, the following documents:

- Eighth Edition UL 180, Standard for Liquid-Level Gauges for Oil Burner Fuels and Other Combustible Liquids, and
- First Edition ULC/ORD-C180-97, Other Recognized Document for Liquid Level Gauges and Indicators for Fuel Oil and Lubricating Oil Tanks.

This Standard can be ordered for CAD \$670.00 (hardcopy) or CAD \$536.00 (PDF format) through our website at www.ulc.ca and by selecting the link to *ULC Standards*. Once on the ULC Standards homepage, select *Sales of ULC Standards Materials* for further details.

Should you require additional information, please contact Caitlin D'Onofrio at (613) 755.2729 ext. 61430 or by email at Caitlin.DOnofrio@ul.com

Yours truly,

ULC Standards
