CERTIFICATION BULLETIN 2019-07

ULC/ORD-C180 Liquid Level Gauges and Indicators for Fuel Oil and Lubricating Oil Tanks has been superseded

TO: Members of the Advisory Council of Underwriters Laboratories of Canada
JYJZ7 - Liquid-level Gauges for Oil-burner Fuel & Other Combustible Liquids
Certified for Canada
JYJZC - Combustible Liquid-Level Gauges & Tank-Filling Signals
Others Interested

The Standard ANSI/CAN/UL/ULC 180:2019, Combustible Liquid Tank Accessories was published March 15, 2019 and will eventually replace ULC/ORD-C180, Liquid Level Gauges and Indicators for Fuel Oil and Lubricating Oil Tanks. We are working to determine the effective date, however, during this transition period both the ORD and the Standard will be technically valid for a listing.

ULC will continue to provide Testing & Certification services to both the ORD and this Standard.

Any questions concerning the above should be directed to Mr. Gunsimar Paintal, at 416-288-2217 or Gunsimar.Paintal@ul.com.

Sincerely,

Underwriters Laboratories of Canada Inc.
