CERTIFICATION BULLETIN 2021-01

First Edition of CAN/ULC-S1981:2020, STANDARD FOR SIGNAL RECEIVING CENTRES AUTOMATION SYSTEM

To: Member of the ULC Advisory Council
Listees of the Commercial and Financial Burglar Alarm Certificate Services Programs (CPVXC, CPWFC, CRXXC & CRYHC)
Listees of the Protective Signalling Systems Certificate Services Program (DAYIC & DAYYC)
Members of the S300A Committee
Members of the S500A Committee
Other Interested Parties

This Bulletin is a follow-up to the publication of the First Edition of the Standard for Signal Receiving Centre Automation System CAN/ULC-S1981:2020.

This National Standard of Canada was approved by the ULC Standards Committees on Security and Burglar Alarm Equipment & Systems and has been published as of May 13, 2020.

The ULC Technical Committee on Fire Alarm Equipment and Systems was involved in the initial stages of the development of CAN/ULC-S1981 on an informative level as the industries covered by Fire Alarm Equipment & Systems and Security & Burglar Alarm Equipment and Systems are interconnected.

Underwriters Laboratories of Canada Inc. (ULC) has adopted the provisions of this Edition of the Standard and all new submittals for Signal Receiving Centre Automation System Software Programs are being investigated in accordance with these requirements.

This Standard prescribes requirements applicable to the design, manufacture, implementation and support of Signal Receiving Centre Automation Software programs intended to be used in fire signal receiving centres, signal receiving centre burglar alarm systems, proprietary signal receiving centres, and satellite receiving centres for the reception, processing, dispatch, responses and record keeping of property protection and life safety signals.

These requirements become effective immediately for new companies applying for ULC listing of their Signal Receiving Centre Automation Software computer program.

For additional information please contact Alan Cavers of the ULC Fire & Security Systems Group at telephone number: (416) 288-2207 or e-mail: trt.certificate@ul.com.

Sincerely,

Underwriters Laboratories of Canada Inc
